THE SPONSORSHIP EXPERIENCE

What to expect

- ❖ **A profile of your child:** Each sponsor receives a child profile containing contact information, medical information and the child's photograph (if available).
- ❖ **Updates:** CSP partner NGOs do their best to provide updates to sponsors about their child's situation.
- ❖ **Communicating with your child:** Emotional support is at the heart of our program. Sponsors are encouraged to connect with their children by sending them letters through our NGO partners.

They in turn, will send any letters and cards from sponsored children and their families to us for distribution. Their precious correspondence is their special way to thank sponsors for their generosity and for sending them a much needed message of hope.

THE PALESTINIAN CHILD SPONSORSHIP PROGRAM

Why our children need your help

Under occupation, state-violence, and severely lacking financial, medical, and educational resources, many thousands of Palestinian children continue to live in desperate conditions.

According to a May 2008 report by three UN agencies (the Food and Agriculture Organization, the World Food Programme and the Relief and Works Agency) entitled, "Joint Rapid Food Security Survey in the Occupied Palestinian Territory", 56% of a West Bank worker's daily wages is now spent on food, in Gaza 66% of daily wages are spent on food and Palestinian families classified as "poor" are spending three quarters (75%) of their money on food.

Since the Canadian Palestinian Foundation of Quebec (CPFQ) established the Child Sponsorship Program in 1999, generous North Americans and Europeans have continued to provide desperately needed financial assistance...and hope, to poor Palestinian children and their families living in the Palestinian West Bank and Gaza.

As the situation continues to deteriorate and with food inflation becoming a serious problem, the support and generosity of our sponsors and donors is more important than ever.

THE CONTRIBUTION

How it works

By joining our program, each sponsor directly aids a Palestinian child in need. Financial contributions benefit children who are poor, orphaned, disabled, or requiring medical care, by directly improving their standard of living.

Sponsorship pledge: Sponsors contribute a minimum of CAD \$70/month¹.

Sponsorship period: We require a one-year commitment. Sponsorships automatically renew at the end of each year, unless the CSP is notified in writing.

Payment method: Contributions can be paid annually, semi-annually, quarterly or monthly by cheque or by credit card².

Wire transfers: To minimize collection costs and bank fees, sponsorship donations are wire transferred in bulk to each partner NGO which in turn distributes the amounts to the guardians of the sponsored children.

Transfer costs: The CSP covers all transfer costs, insuring that children receive 100% of the amount donated by their sponsors.

¹ *The cost of living in the Occupied Territories is much higher than other sponsored areas of the world such as Africa and South-East Asia.*

² *Should this option be chosen, a credit card fee is added to the pledged amount.*
